HP Designjet T770
Printer series
with Hard Disk

It's the right time to buy the right technology for your business!

With these cash-back opportunities, now's a great time for you to upgrade your old large-format printing technology to a new HP Designjet printer!

HP Designjet T1200 and T770 with Hard Disk Printers offer faster print speeds, greater cost-saving features and more productivity enhancements, and are ideal for reprohouses and technical firms that specialize in AEC, MCAD and GIS. Or, for copy shops, planning departments and reprohouses, the HP Designjet T1200 HD MFP provides a space-saving, integrated scanning, copying and printing experience for drawings, maps, renders and photo-realistic images.

HP Designjet Z5200
PostScript® Printer

The HP Designjet Z2100 Photo Printer will let you easily and economically print beautiful, fade-resistant images with consistent excellence at sizes up to 300 feet long. Or, if you're looking to produce high-quality output in large volumes, consider the HP Designjet 4020 Printer series that is designed for nonstop printing at lower costs. And for unattended color production and cost-control features, select the HP Designjet 4520 Printer series.

If you're a low-volume print service provider or simply looking for an entry-level, large-format printer, consider the new HP Designjet Z5200 PostScript® Printer for producing dependable, high-quality results on a range of applications.

To produce everything from posters to photos, maps to fine art, choose the HP Designjet Z6100 Printer (8-ink) that delivers exceptional print speed and durability, or select the HP Designjet Z3200 Photo Printer (12-ink) to achieve long-lasting, gallery-quality prints in black and white and color.
